

MS-04

4" color TFT screen 4:3
multifunctional and low-cost
models

Slinex MS-04 is an intercom with 4" screen, designed to replace the outdated intercoms from the past.

Despite its small size and thickness (only 22 mm), MS-04 has technical characteristics that are inherent in intercoms with larger screen sizes: a built-in power supply and the ability to connect two outdoor panels and one CCTV camera.

The model is made of high-quality plastic and available in two colors fl white and black.

If you need a good quality video intercom for a reasonable price, MS-04 is a right choice.

Model: MS-04

Characteristics:

DEVICE TYPE

Video intercom
