

SL-07M

7" color TFT screen 16:9
the latest world design trends

This video intercom is made in the stylish body of the SL series.

This video intercom is made in the stylish body of the SL series.

It is an optimum choice for modern offices or apartments, where owners expect a beautiful and technologically advanced device. This intercom has all the main characteristics that contemporary intercoms have. It is possible to connect two outdoor panels and two additional cameras to SL-07M.

A software motion detection will make photo and video records of all the movements that are caught by the camera near your entrance. All records will be stored on the microSD card.
