

# SL-10M

10" color TFT screen 16:9  
the latest world design trends

**Slinex SL-10M is designed to ensure your comfort and safety.**

The software motion detection of Slinex SL-10M video intercom detects every moving object and records it automatically on an SD card. Simple and friendly graphical interface gives a user a uniformity in operation. There are a lot of individual settings available, such as •Do not disturb" mode, ability to turn off the backlight of buttons, mute the sound of button presses, choice of volume modes and duration of ringtone.
