

SQ-04M

4.3" color TFT screen 16:9
multifunctional and compact device

SQ-04M is a stylish video intercom with extended functionality.

The absolute advantage of this intercom is a software motion detection that ensures a detection of any action in camera coverage. All data will be recorded and saved on the microSD card. SQ-04M has a 4.3— high resolution screen that allows you to see distinctly all the visitors.

Along with all that, the video intercom has a compact body with internal power supply unit.
