

URF-001

Proximity Card Reader(USB)

Technical Specifications

URF-001

Material	ABS+Epoxy
Size	96 x 61 x 12 mm
Item	USB Proximity Card Reader
Voltage	DC 5-16V
Static Current	less than 50mA
Colour	Black
Reading Distance	ID: 3-15cm / IC: 2-8cm
Temperature	-25°C-85°C
Reader speed	less than 0.2sec
Humidity	10%-90%
Card Type	Proximity Card
Frequency	125KHz
Interface	USB
Built-in	Antenna, speaker, buzzer, red(blue)green color LED
Supporting System	compatible with Windows98/2000/XP
Application	For access control, attendance, fees, patrol, card, building on say, parking systems, highways and RFID outdoor application.
